FULL-TIME · PRODUCTION CREW

Woodworking Production Tech

Precision, care and detail.
At every stage of production.

Vonmod designs, engineers, builds and installs custom modern cabinetry for Colorado's leading architects, designers and builders, all under one roof. The Woodworking Production Tech works across every zone of production, from CNC to assembly, building what our clients see, touch and live with every day.

Denver, CO Shop + warehouse	**Head of Production** Direction: both Foremen	**Production** Works across zones	**Full-time**	**Lead or specialist** CNC, assembly or fab

01 THE PATH Built for the long haul.

STEP 01
Woodworking Production Tech
Run CNC, assemble cabinetry, fabricate custom parts and support materials across every zone.
YOU START HERE

→

STEP 02
Lead or Specialist
Grow into CNC / Machining Lead, Assembly Lead or Custom Fabrication Specialist.

→

STEP 03
Your craft, your career
We're building a team for the long haul. Growth is recognized and rewarded.

02 THE WORK Day to day across the shop.

CNC part production
- Run routers, edgebanders and dowel machines
- Read work orders and cut lists for yield and precision
- Sort and deliver parts to assembly

Assembly & custom fab
- Assemble cabinetry with clean lines and accurate alignment
- Inspect for fit, finish and readiness before staging
- Fabricate custom parts the CNC can't produce

Materials & delivery
- Help receive, inventory, stage and load
- Keep the shop and warehouse clean, organized and safe
- Support vendor runs and jobsite logistics

03 GREAT FIT What you bring.

- Hands-on experience in cabinetry, millwork or fine woodworking
- Comfortable with woodworking machinery and specialty tools
- Read and follow technical drawings and work orders with precision
- Pace your work within a larger team workflow
- Want to grow into a lead or specialist role
- Comfortable standing, lifting, bending and handling material

04 CORE VALUES You'll love it here if you live these.

Team Culture
A team-first culture; collaboration is everything.

Full Engagement
In every project, day in and day out.

Detail Oriented
You care deeply about craftsmanship.

Continual Growth Mindset
Growth in your personal and professional life.

Passion for the Challenge
Energized by new challenges.
